

ZORBMAX® INFUSED CELLULAR ENERGY

100+ MICRONUTRIENTS

18 AMINO ACIDS - 13 ORGANIC ACIDS

Fulvic minerals are super mineralized organic acids that work symbiotically with the body to promote good health by acting as chelators and by crossing the cell membrane, which allows the nutrients from food to be better absorbed.

This 100% natural trace mineral blend includes a very special form of fulvic acids which may naturally reduce inflammation & detoxify cells. This comes from a 10,000-year-old source of fermented plants that have not yet bonded with carbon atoms to form fulvic shale.

SWYCH Fulvic Minerals are extracted from deposits of ancient plant material which has not fossilized yet. These plants are full of trace elements, enzymes, amino acids, and fulvic acid.

ZORBMAX® DELIVERY TECHNOLOGY

SWYCH® is a scientifically driven technology company, specializing in the development and production of superior wellness products utilizing our proprietary ZorbMax® Delivery Technology. We have solved the limited absorption issues of traditional delivery methods for nutraceutical & cosmeceutical products. Studies show that less than 55% of all supplements ingested orally never reach the cell.

Our products are faster acting, deliver superior absorption & help you perform at your best. We create nutrition particles that are so small, millions of them could fit on the head of a pin. These tiny particles can easily enter your blood stream & deliver the needed nutrition directly to your cells.

For those who demand nothing but the best!
We deliver “MAXIMUM BIOAVAILABILITY”.

Nutrition Facts

Serving Size: 2 ml 30 Servings

Amount Per Serving %DV

Iron 8mg 44%

Fulvic Acid Complex 900mg **

100% Organic Nano-Charged Fulvic Acid, Humic Acid, 100+ Micronutrients, 72+ Trace Minerals, 18 Essential Amino Acids, 13 Organic Acids. Including: Sodium, Magnesium, Calcium, Phosphorus, Chloride, Potassium, Manganese, Zinc, Chromium, Vanadium, Iodine, Boron, Molybdenum, and Selenium.

** Daily Value (DV) not established.

Other Ingredients: Ultra Purified Water, Stevia and Natural Flavoring.

HOW TO USE:

Take 2ml daily
(10 Pumps).

FEATURES & BENEFITS

Stronger Immune System: By allowing better nutrient absorption, which leads to the enhancement of a body's capacity to battle inflammation.*

Vital Body Function: Helps regulate body temperature and improves healthy gastrointestinal processes.*

Proper Body Development: Encourages the growth and development of the body.*

Aid in Iron Absorption: Allows for iron to be more easily absorbed by the body.*

KEY INGREDIENTS

Fulvic Acid: Attracts electrolytes and other trace minerals to transport nutrients throughout the body, ensuring better nutrient absorption. This also means that it enhances the body's capacity to fight inflammation, thus leading to a stronger immune system.*

Humic Acid: Stimulates the immune system and supports the detox process by binding to toxins and escorting them out.*

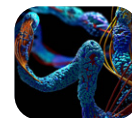

Iron: An iron-rich environment in the gut is conducive to beneficial bacteria and improves the digestive system.*

Micronutrients: Are vital to healthy development, disease prevention, and wellbeing.*

Trace Minerals: Are responsible for supporting your circulatory system and are necessary for the healthy growth of certain hormones.*

Amino Acids: Neurotransmitters are the nervous system's way of communicating with the body, regulating everything from appetite to mood. Amino acids not only produces some neurotransmitters but other types of amino acids, too. *

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.

This is a black ancient plant powder, untainted by man for 10,000 years yet not yet fossilized like fulvic shale or other mineral sources. It is not rock, but plant. Harvested from veins of untouched ancient plant deposits buried by bentonite clay and volcanic ash in the virgin soils of southern Utah and then leached by a water process to draw all out only the minerals.

This has been tested and found to contain high concentrations of Fulvic Acid (up to 12%) - a highly beneficial organic acid used in detoxification of heavy metals with very strong immune boosting properties.

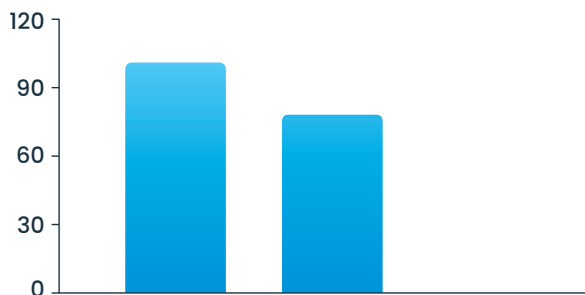

We first believed this to be highly beneficial for human health because of its trace mineral content and fulvic acid detoxification properties. However, in 2006, a Japanese man using our product said that he cured his heart disease only by using this product.

So his doctor began a series of case studies to discover what was in the product that was causing such miraculous benefits. We now have these case studies documented. In other case studies, it has lowered blood sugar levels in diabetics as well. With only 3-5ml, we can make the pH level of any full bottle of water 7.5 pH to 9.5 pH.
