It is specially formulated with our highly bioavailable nano Curcumin. This tincture comes in a natural orange flavor and is powered by ZorbMax!.\*

As a powerful antioxidant, Curcumin plays a role in keeping our joints healthy and pain free. Curcumin is used by your body to combat free radicals and oxidative stress which causes inflammation and joint pain.

Curcumin is the main active ingredient found in the turmeric root. Turmeric root extract has been used in Chinese and Indian alternative medicine for thousands of years for its many health benefits. It is loaded with antioxidants and may help to support the joints. It may aid digestion and help support the eyes and brain.

Curcumin may even help in maintaining cardiovascular health in already healthy individuals when taken in conjunction with a healthy diet & exercise.

Curcumin also helps relieve various respiratory conditions including allergy, asthma, bronchial hyperactivity and other respiratory disorders. COPD patients have found that Curcumin has been shown to break down mucus, which makes it easier for your body to remove the mucus from its airways.

It is commonly known to improve Joint Mobility, Support Healthy Eyes, Improve Digestion, and Fight Inflammation.\*

## ZORBMAX® DELIVERY TECHNOLOGY

SWYCH® is a scientifically driven technology company, specializing in the development and production of superior wellness products utilizing our proprietary ZorbMax® Delivery Technology. We have solved the limited absorption issues of traditional delivery methods for nutraceutical & cosmeceutical products. Studies show that less than 55% of all supplements ingested orally never reach the cell.

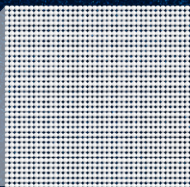

Our products are faster acting, deliver superior absorption & help you perform at your best. We create nutrition particles that are so small, millions of them could fit on the head of a pin. These tiny particles can easily enter your blood stream & deliver the needed nutrition directly to your cells.

## KEY INGREDIENTS

### Curcumin:

- A spice that has long been recognized for its medicinal properties, that aids in the management of oxidative and inflammatory conditions, metabolic syndrome, arthritis, anxiety, and hyperlipidemia.\*
- Contains polyphenol, which has been shown to target multiple signaling molecules while also demonstrating activity at the cellular level, which has helped to support its multiple health benefits.\*

### MCT Oil:

- MCT or medium-chain triglycerides oil are the fats we get from food and store in our body for energy. Unlike other fats, medium-chain triglycerides are Medium-chain fats are easier to digest and are consumed and directed straight to the liver, meaning they are burned as energy straight away.\*
- Is super fuel as it boosts fat burning and mental clarity.\*
- Beneficial for balancing bacteria in the gut microbiota, which in turn has positive effects on the digestive symptom, energy expenditure, and the ability to absorb vitamins and minerals from the food you eat.\*

### Nano CBD & Nano CBN:

- CBD is a popular natural remedy used for many common ailments. It is one of more than 100 chemical compounds called cannabinoids that are found in the cannabis plant, Cannabis sativa. CBD is an appealing option for relief from pain and other symptoms without the mind-altering effects of cannabis.\*
- Unlike THC, CBN has no psychoactive effects. There is no "high" or any other mind-altering effect from CBN. CBN appears to have multiple health benefits including anti-inflammatory capabilities and calming properties.
