

DISCOVER THE SLEEP YOU ARE DREAMING OF!

GET A RESTORATIVE SLEEP & WAKE UP REFRESHED!

If you have trouble falling and staying asleep - you are not alone. Around 70 million Americans are affected by poor sleep. Melatonin is a natural hormone made by the pineal gland. It is often called the sleep hormone - for good reason - it lets your body relax so you can fall asleep easier.

Use SLEEP for a restful & restorative night of sleep. It tastes great and works fast. It is naturally mint flavored and powered by ZorbMax!

Studies have shown that melatonin can make the pituitary gland, the organ that releases growth hormone, more sensitive to the hormone that releases growth hormone.

Melatonin helps regulate your body's internal clock and is responsible for telling you it is time to sleep, slowing the metabolic processes and when it is time to wake, increasing energy expenditure. When this internal clock is disrupted and Melatonin production is reduced which happens as we age, experience jet-lag, or shift work, we are predisposed to obesity. Melatonin is actually needed for proper energy metabolism in the body and people with low melatonin levels have been found to suffer from fatigue.

Stress and sleep are very closely connected, making melatonin one of the best supplements for stress relief. If you are feeling anxious, melatonin helps support brain function and alleviates symptoms of anxiety such as daytime fatigue, drowsiness, insomnia and restlessness and promotes calm.

Get a Restful Sleep, Reduce Stress, Improve Mental Clarity, and Increase HGH Levels.*

ZORBMAX® DELIVERY TECHNOLOGY

SWYCH® is a scientifically driven technology company, specializing in the development and production of superior wellness products utilizing our proprietary ZorbMax® Delivery Technology. We have solved the limited absorption issues of traditional delivery methods for nutraceutical & cosmeceutical products. Studies show that less than 55% of all supplements ingested orally never reach the cell.

Our products are faster acting, deliver superior absorption & help you perform at your best. We create nutrition particles that are so small, millions of them could fit on the head of a pin. These tiny particles can easily enter your blood stream & deliver the needed nutrition directly to your cells.

For those who demand nothing but the best!
We deliver "MAXIMUM BIOAVAILABILITY".

NANO SLEEP TINCTURE

Supplement Facts

Serving Size: 5 Pumps (1ml)
Melatonin Per Serving: 5 mg
Servings Per Bottle: 30

Ingredients: Ultra Purified Water, MCT Oil, Nano Optimized ZorbMax® Melatonin, Sunflower Lecithin, Erythritol, DL-Panthenol, Peppermint Oil, Potassium Sorbate, Sodium Benzoate.

HOW TO USE:

Shake well & take 5 pumps directly into mouth under tongue. Hold for 30 seconds and swallow. You may also add to water or a beverage.

FEATURES & BENEFITS

Aids in Sleep: Lets your body know that it's nighttime so that you can relax and fall asleep more easily. Counters low levels of naturally occurring melatonin to normalize your circadian rhythm or "internal clock".

Improves Mood: Elevates levels of GABA, serotonin, and dopamine. That benefits the balance of essential neurotransmitters in the brain responsible for mood stabilization.*

Helps the Hormonal System: Low melatonin levels play a role in PMDD, a severe form of PMS. Melatonin can lessen your symptoms through the luteal phase or the second part of your menstrual cycle. It can also be useful to treat perimenopause and menopause symptoms in older women.*

Maintains Eye Health: The eyes are one region of the body that produces melatonin, depending on how much light these cells are exposed to. Melatonin is a key component for the development of eyes and a shortage of melatonin in early development can cause vision problems.*

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.

KEY INGREDIENTS

Melatonin:

- Often referred to as the sleep hormone, is a central part of the body's sleep-wake cycle. Its production increases with evening darkness, promoting healthy sleep, and helping to orient our circadian rhythm.*
- Increases antioxidant enzymes in the body that maintain health on a cellular level.*
- One single molecule of melatonin has the power to neutralize up to 10 molecules of ROSs and RNSs. This makes melatonin a kind of "scavenger" that detoxifies the body, one cell at a time.*

MCT Oil:

- MCT or medium-chain triglycerides oil are the fats we get from food and store in our body for energy. Unlike other fats, medium-chain triglycerides are Medium-chain fats are easier to digest and are consumed and directed straight to the liver, meaning they are burned as energy straight away.*
- Is super fuel as it boosts fat burning and mental clarity.*
- Beneficial for balancing bacteria in the gut microbiota, which in turn has positive effects on the digestive symptom, energy expenditure, and the ability to absorb vitamins and minerals from the food you eat.*
