

GREENS + REDS SUPERFOOD NUTRIENT DENSE

35+ ESSENTIAL NUTRIENTS!

This is juicing made easy with a great berry taste! Power Greens have over 35 essential nutrients, including Super Foods, Whole Food Fruits & Vegetables, Pre & Probiotics, Digestive Enzymes and CBD. All of the daily nutrients your body craves in one tasty drink mix.

Very few people are able to consume all of the essential fruits and vegetables our bodies need each day. Power Greens makes it easy by packing them all into one delicious powder that helps to improve mood and focus, reduce inflammation, promote energy, boost the immune system, curb your appetite, and protect against free radicals.

Pre & Probiotics help improve gut health, digestion, and control appetite. Power Greens contains powerful probiotic strains that can help symptoms of IBS such as gas, bloating, constipation, food intolerances, and cramping.

Greens formulas are notorious for their earthy, dirt-like taste and texture. That's where Power Greens is different. Not only does it contain ultra-premium ingredients, but it's also delicious tasting, easy to mix and free of artificial colors, flavors, and preservatives. Power Greens is stimulant-free and contains no banned substances.

ZORBMAX® DELIVERY TECHNOLOGY

SWYCH® is a scientifically driven technology company, specializing in the development and production of superior wellness products utilizing our proprietary ZorbMax® Delivery Technology. We have solved the limited absorption issues of traditional delivery methods for nutraceutical & cosmeceutical products. Studies show that less than 55% of all supplements ingested orally never reach the cell.

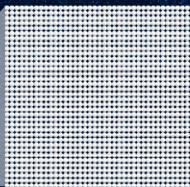

Our products are faster acting, deliver superior absorption & help you perform at your best. We create nutrition particles that are so small, millions of them could fit on the head of a pin. These tiny particles can easily enter your blood stream & deliver the needed nutrition directly to your cells.

For those who demand nothing but the best!
We deliver "MAXIMUM BIOAVAILABILITY".

FEATURES & BENEFITS

Improved Immune Health: The vitamins and antioxidants support your immune system by protecting your cells from free radical damage and environmental toxins.*

Helps Digestion: Digestive enzymes play a key role in breaking down the food you eat. These proteins speed up chemical reactions that turn nutrients into substances that your digestive tract can absorb.*

Helps the Digestive System: Increases the good bacteria which keep bad bacteria from getting out of control and making you sick, as well as hinder bad bacteria that has been consumed from entering your bloodstream.*

Aids Thyroid Health: Our iodine rich Greens Blend helps your thyroid in the hormone making process by supplying your thyroid the iodine it needs to remain healthy. Thus, preventing an iodine deficiency with symptoms like weight change, fatigue, and swelling of the neck.*

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.

KEY INGREDIENTS

Organic Greens Blend: Optimal for Thyroid Function. The iodine found in this mix of greens is essential for thyroid health by aiding in the releasing of hormones to help control growth, energy production, reproduction, and the repair of damaged cells in your body.

Super Fruit Blend: The super fruits in this mix are abundant in antioxidants. Antioxidants help boost the immune system and protect the body from high levels of oxidative stress and inflammation, since they fight free radical damage.*

Organic Fruit & Vegetables Blend: This blend is packed full of fiber, vitamins, and essential nutrients that your body needs to grow and function properly.

Probiotic Blend: The main job of probiotics, or good bacteria, is to maintain a healthy balance in your body, or keeping your body in neutral. When you are sick, bad bacteria enters your body and increases in number, causing your body to be out of balance. Good bacteria work to fight off the bad bacteria and restore the balance within your body.

Digestive Enzymes: Digestive enzymes are proteins that help you digest food. Proteins speed up chemical reactions that turn nutrients into substances that your digestive tract can absorb.
