Garlic Powder (Allium sativum)(bulb)	100 mg	**
Turmeric 95% Curcuminoids (Curcuma longa)(root)	100 mg	**
Lactobacillus Acidophilus	4.8 Billion CFU	**

** Daily Value (DV) not established.

Inactive Ingredients: Cellulose (Vegetable Capsule).

HOW TO USE:

Take 2 capsules a day, on an empty stomach. Preferably 20-30 minutes before a meal, with plenty of water.

FEATURES & BENEFITS

Strengthens Immunity: Helps fight disease-causing free radicals by aiding in preventing their buildup, and therefore minimizing oxidative stress and damage to your cells.*

Encourages Healing: Zinc plays a critical role in collagen synthesis, immune function, and inflammatory response, making it necessary for proper healing.*

Bolsters Against Infections: Alleviate or hinder infections caused by bacteria, viruses, and protozoa by allowing antioxidants to reduce oxidizing agents.*

Improves Mood: Elevates levels of GABA, serotonin, and dopamine. That benefits the balance of essential neurotransmitters in the brain responsible for mood stabilization.*

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

KEY INGREDIENTS

Elderberry Extract: A plant used in phytotherapy for its diaphoretic, anti-inflammatory, and diuretic properties. Commonly used in the treatments of colds, fevers, and diseases of the respiratory tract as well.*

Echinacea: Helps the body's immune system become more effective and gives it the ability to attack bacteria and viruses efficiently by increasing the number of immune cells -- giving our body the best possible chance of eliminating pathogens from bacteria to tumors.*

Glutamine HCL: Is used by your brain, in part, to create and balance the neurotransmitter GABA. GABA is known to have incredible stress-reducing benefits, which is why it is known to have an anxiolytic effect.*

Vitamin C: Our bodies are constantly under attack by free radical scavengers, which cause damage and disease to our cells. Vitamin C acts as an antioxidant to neutralize free radicals and reduce the risk of inflammation and disease.*

For More Information, Contact:

KEY INGREDIENTS

Garlic Powder: Known to have beneficial antimicrobial properties and is considered as a component of treatments for various viral, bacterial, fungal, and parasitic diseases.*

Turmeric: The surplus of antioxidants found in Turmeric help reduce inflammation and prevent and treat disease by reducing chronic inflammation that can contribute to disease onset.*

Vitamin E: Vitamin E is a nutrient that's important to vision, reproduction, and the health of your blood, brain, and skin.*

Zinc: A mineral involved in skin repair and in making DNA, the cells' blueprint for replication. Zinc plays a critical role in collagen synthesis, immune function, and inflammatory response, it is necessary for proper healing.*

Vitamin B6: Helps produce calming neurotransmitters, including serotonin and GABA. These neurotransmitters can help us feel more stable and less overwhelmed in the face of trauma or day-to-day stressors.*

Lactobacillus Acidophilus: Balances potentially harmful bacteria that can otherwise flourish in the gut due to illness or antibiotics by converting sugars into lactic acid and hydrogen peroxide, substances that inhibit the growth of undesirable bacteria in the intestines.*
