

PREMIUM MULTI-COLLAGEN PEPTIDES!

BEAUTIFICATION FROM THE INSIDE OUT!

Here's the scoop: Collagen is the most abundant protein in the body. It's the glue that keeps all of our bones, joints, muscles, and organ systems intact. The not-so-great news? Collagen production begins to decline in our mid to late 20s, drastically diminishing by age 30. That's where we come in. SWYCH Multi-Collagen Peptides includes all 5 types of natural collagen peptides from 4 collagen sources, to help prevent and reverse the signs of aging*. Our top-shelf collagen promotes youthful skin, hair, and nails*, helps reduce cellulite*, improves bone and joint health*, and supports healthy digestion*.

ZORBMAX® DELIVERY TECHNOLOGY

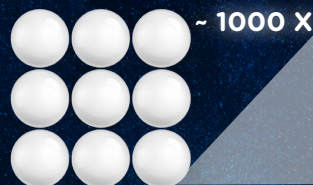

SWYCH® is a scientifically driven technology company, specializing in the development and production of superior wellness products utilizing our proprietary ZorbMax® Delivery Technology. We have solved the limited absorption issues of traditional delivery methods for nutraceutical & cosmeceutical products. Studies show that less than 55% of all supplements ingested orally never reach the cell.

Our products are faster acting, deliver superior absorption & help you perform at your best. We create nutrition particles that are so small, millions of them could fit on the head of a pin. These tiny particles can easily enter your blood stream & deliver the needed nutrition directly to your cells.

For those who demand nothing but the best! We deliver "MAXIMUM BIOAVAILABILITY".

* Percent Daily Values based on a 2,000 calorie diet.
 **Daily Value (DV) not established.

HOW TO USE:

Adults, thoroughly mix one scoop into 8 to 16 oz. of water, or to your preferred level of sweetness, 2 or 3 times daily.

FEATURES & BENEFITS KEY INGREDIENTS

Supports Healthy Bones & Joints: Aids in the treatment of connective tissue diseases due to its high collagen content. Helps make your bones denser, slowing the process that makes them brittle and helping your body to produce new bone. *

Promotes Youthful Skin: Helps form elastin and other compounds within skin that are responsible for maintaining its youthful tone, texture, and appearance. Also promotes the production of other proteins that structure your skin. *

Improved Digestive Health: Supports a healthy mucosal layer in the gut. Studies have found that in individuals with digestive imbalances, serum concentrations of collagen are decreased. Because the amino acids in collagen build the tissue that lines the colon and entire gastrointestinal tract, supplementing with collagen can support healthy digestive function. *

Boosts Muscle Mass: Promotes the synthesis of muscle proteins, supports the tendons and ligaments that you use every time you exercise, and stimulates muscle growth after exercise. *

Hydrolyzed Bovine Collagen Peptides: Associated with several health benefits, including arthritis relief, improved skin health, and bone loss prevention. Bovine collagen has been found to increase types I and III collagen. *

Hydrolyzed Fish Collagen Peptides: Known to have the best absorption and bioavailability due to their smaller particle sizes, making them antioxidant powerhouses. Marine collagen boost types I and II collagen. *

Hydrolyzed Chicken Collagen Peptides: Used to treat an array of health conditions, including arthritis, back and neck pain, and pain caused by surgery. Chicken collagen works by causing your body to produce substances that fight inflammation and pain. *

Eggshell Membrane Collagen: Eggshell membranes are rich in nutrients similar to types I and V collagen, glucosamine sulfate, chondroitin sulfate, hyaluronic acid, glycosaminoglycans and amino acids. These are all greatly beneficial to joint and connective tissue health. *

Vitamin C: Our bodies are constantly under attack by free radical scavengers, which cause damage to our cells and cause disease. Vitamin C acts as an antioxidant to neutralize free radicals and reduce the risk of inflammation and disease. *

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.
